Are we sure that Norton is in agreement?

**Subject:** Buprenorphine patch from PF

Patrick,

I met with Steve Zollo yesterday on a separate issue, but he mentioned to me that Janssen is no longer interested in pursuing Purdue's Buprenorphine patch. We are still interested in talking to them about a co-promotion arrangement. Please let me know if you have had any conversation with Purdue about this potential opportunity. If Purdue is interested, I'd like to schedule a meeting with you to discuss our options.

Thanks,

Ron
